Editors' Choice 2007

This art-infused powerhouse anchors the gallery-packed East End with aplomb. It's been a fixture on the scene, leading a sophisticated charge, since 1997. It still features contemporary photography, an early raison d'être, but its strengths also lie in painting and printmaking by Outer Cape creatives. Check out Mike Carroll's Design Store and design services for those needing a helping hand in acquisitions and placement. And don't miss the new gallery within the gallery, artSTRAND, run by another talented group of locals. The fab local radio station, WOMR (92.1 FM), which owns the building now, offers space for community events on the second floor.
